

Accessing Your Card Information

- 1) Go to www.theGetMORplan.com and click on the picture of the GetMOR card.

- 2) The first time you access your account information on-line, click “Create Account” to set up your personalized “User ID” and “Password” (see steps below).

Steps for setup of your on-line access:

- ◆ Enter your “First” and “Last” Name
- ◆ Enter your “**Employee ID**” – *this is your social security number* (enter WITHOUT dashes) or Employer assigned ID #
- ◆ Do not enter anything in the Employer ID section
- ◆ Enter your “Card Number”
- ◆ Enter a new “User ID” of your choice – this is what you will enter each time when accessing your GetMOR card account information (ex: your name or something you will easily remember)
- ◆ Enter a “Password” – create something you will remember as this will also need to be entered each time when accessing your card account information.
- ◆ “Confirm Password” created in above step
- ◆ Enter a “Security Word” such as your mother’s maiden name, etc.
- ◆ Enter your “City of Birth”
- ◆ Enter your “E-mail” address. When you check the box “Send E-mails” you are authorizing us to email account information (not ‘junk’ email) to you.
- ◆ Click “Submit”

Please note, after the initial setup, you will only need to enter your new personalized “User ID” and “Password” each time you login to access your on-line information.

- 3) Login using the personalized “User ID” and “Password” just created.
